Sacred Text

Read by Margaret Sutton

2 Corinthians 5: 16-19 (CEB)

So then, from this point on we won't recognize people by human standards. Even though we used to know Christ by human standards, that isn't how we know him now. So then, if anyone is in Christ, that person is part of the new creation. The old things have gone away, and look, new things have arrived! All of these new things are from God, who reconciled us to himself through Christ and who gave us the ministry of reconciliation. In other words, God was reconciling the world to himself through Christ, by not counting people's sins against them. He has trusted us with this message of reconciliation.

✧ *Spring Gardening Notes* ✧

Seeds prepare to bloom

Morphogenesis, or formation of the seedling, is the final step of seed germination when the first embryonic leaf appears. Gradually, tiny foliage leaves sprout from the shoot ends. Once this phase is complete, the seedling starts synthesizing its own food by photosynthesis instead of using food stored in the seed.

Thoughts for Future Reflection

“Another world is not only possible, she is on her way. On a quiet day, I can hear her breathing.”

✿ Arundhati Roy ✿

“Those who have been in the dark a long time cannot easily see the light.”

✿ Plato ✿

“Prophetic imagination is the capacity to imagine a world other than the one that is.”

✿ Walter Brueggemann ✿
